NCA offers additional city pairs selection in booking via cargo.one

Nippon Cargo Airlines (NCA) now strengthens cooperation with cargo.one and offers additional main deck capacities for e-booking with instant confirmation.

Starting today with KZ049/02Sep being the first flight available for booking, and with the announcement of 5th weekly service connecting Europe and Japan to start, now customers also have an easy and fast digital access to capacities originating from NCA European hub, Amsterdam, Netherlands and Milan, Italy. This adds to Germany, Belgium, France, the UK, Spain, Switzerland, Austria, Denmark, Sweden, Norway and Finland, which they are already available for booking since July.

Please sign-up and get started today to make your bookings for our flights in Europe via cargo.one.
