**About Nippon Cargo Airlines**

Nippon Cargo Airlines (KZ) was founded in 1978 as the sole airline in Japan dedicated to freighter operation. NCA operates the world's largest new generation freighter aircraft - the Boeing 747-8F serving 11 major cities in Asia, America and Europe in its worldwide on-line network from NRT hub. KZ philosophy is to support international relations through the transportation of air cargo and contribute to the progress of societies, economies and cultures around the world.

**About Silk Way West Airlines**

AZG is not only for Azerbaijan but also largest cargo airline located in Caspian Sea region and Central Asia on the Silk Road, founded in 2012 and is rapidly expanding its network from Azerbaijan to major Asian airports, the Middle East, Central Asia, Europe and the United States.

From 2016, SWW started operation with Komatsu Airport under charter flight then from December 2018, SWW has operated Kansai Airport as a regular flight. And this time AZG made it possible to enter Narita Airport.

This will allow freight flights from Narita to more than 30 cities in the network of AZG via Baku, Azerbaijan. Together with Kansai Airport flights, we will contribute to improving customer convenience, further deepening exchanges between the two countries, and developing economic activities.
