Nippon Cargo Airlines To Offer eBookings via WebCargo

Nippon Cargo Airlines (NCA) will begin offering fully digital eBooking for select flights departing from North America to Japan and Asia using the platform of WebCargo, a group of Freightos, from June 1st.

By automatically confirming bookings through WebCargo 24 hours a day, 7 days a week, our customers will now be free from making many email exchanges, phone calls and waiting for the booking confirmation and we will offer making the booking process faster and more straightforward.

If you have not registered yet, please sign-up and get started to make your bookings for our flights in North America via WebCargo.

More information about WebCargo digital freight solutions is available at <https://www.webcargo.co/nca/>

By pursuing digitalization and improving convenience, NCA will continue to provide a better customer experience.
